On-Campus Residency Agreement for Off-Campus Program Candidates

"Albion affirms the educational benefits inherent in the residential aspect of the undergraduate experience and such requires all students to reside and board within the College residential system" (*Student Handbook*), and in 2006, the Board of Trustees reaffirmed that Albion College is a residential campus and therefore expects all students to reside on campus.

Therefore, it is expected that all Albion College students participating in off-campus programs will reside in College-owned housing when they return to campus upon completion of the program. Furthermore, in order to be approved for participation in off-campus programs, a student must agree to these terms.

I, _____ have read and understand the above statement. I agree that when I return to campus upon my completion of my off-campus program, I will reside in College-owned housing.

Student Signature: _____ Date: ____/____/____
